Project Identity

Natuzzi Editions

The Project Identity purpose is to offer a unique working method that guarantees chromatic and stylistic conformity and preserves the Brand's DNA.

This tool represents a guide that goes beyond the offer of a product, aiming at the creation of a real project from the stores to the customers' homes.

Boston

The Boston sofa pays tribute to the city famous for its colleges and prestigious universities - it's inspired in particular by the architecture of the Berklee College of Music, dedicated to the study of jazz and contemporary music. The college architecture, in fact, is conceived as a convivial and meeting space where you can live and learn music in total harmony with the city. Likewise, the Boston sofa is a modern, linear space where you can share experiences pampered by the great artisanal comfort of which Natuzzi masters are true virtuosos. A more enveloping comfort, thanks to the greater seat depth. Available in leather or fabric. Wooden framed feet develop throughout the depth of the armrest - in walnut or wenge finish.

Design by Natuzzi Design Center

In the Natuzzi Headquarter in Puglia, the Design Center preserves the balance between design and functionality, values rooted in the brand's DNA.

Moodboard earth tone

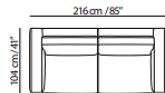

The Natuzzi Style Center carefully selects materials and coverings, putting them in dialogue with each other. In this case, the Dream leather in the Truffle color was paired with the Jupiter fabric in the White color. The combination of these coverings together with the ceramic & wood, will give rise to the moodboard that will create the final total look of the project. Each model in the collection is presented with multiple moodboards to adapt to homes all over the world.
